

DropFit Gully Filter

Sediment only

Oil & Sediment

	Sediment only	Oil & Sediment
Size	700 mm depth / 450 mm Diameter	
Sediment Filtration	100-micron	
Sediment Capacity	70 kg	
Hydrocarbon Capacity	N/A	1 litre
Oil Capture	N/A	Neutroilize oil-absorbent floating pad
Flow Rate	High flow rate of 2.5 litres per second	
Gully Fit	Moulds to gully walls (450 mm), creating a secure seal	
Installation	Drop-in design, with no tools or tapes required	
Reusable	Reusable and robust, with tear-resistant construction	
Maintenance	Visible capacity markers for timely servicing, with extra-long handles for removal
